

STACKTECH® **UNLOCK THE POTENTIAL**

TOUGHBUILT®
WWW.TOUGHBUILT.COM

THE TOUGHBUILT ADVANTAGE

Each StackTech® product is one piece of an interconnected ecosystem of solutions. It is a purpose-driven, technical foundation engineered to withstand the elements and tailored to every trade. StackTech® is the new industry standard for jobsite organization, tool storage, and transportation. No system is faster, simpler, or more capable. It is meticulously engineered for easy operation and offers unparalleled accessories for every trade.

FAST GROWING PRODUCT LINE

CONTINUED INNOVATION

BACKED BY OUR WARRANTY

01 INTUITIVE STACKING

The self-aligning, nesting architecture makes stacking boxes fast and hassle-free.

02 AUTO-LOCKING INTERFACE

A self-locking mechanism automatically engages when each box is dropped into place, and unlocks simply with one hand.

03 CLEAR LOCK INDICATOR

The latch position clearly indicates when it's safe to transport.

04 ARMORED STEEL CORNERS

Powder-coated, steel corners provide drop protection and added structural integrity.

05 QUICK-ATTACH ACCESSORIES

Numerous tool-free, quick-release accessories attach to StackTech® to build a fully-customizable solution, tailored to every trade.

06 CENTER LATCH

A robust center latch provides rapid access to tools and shuts the lid tight.

07 STEEL-REINFORCED LIDS

Engineered for fortified strength and increased durability.

08 IP65 DUST AND WATERPROOF

A durable silicone gasket seals out dust and water to keep tools dry in harsh environments.

09 INCLUDED INSIDE

Modular bins, trays or dividers are included in most StackTech® boxes to help Pros partition their space.

10 STURDY, OVERSIZED HANDLES

Robust front and side carry handles swing out for simple transportation and stacking.

11 QUICK-DETACH HANDLE

Telescoping handles on StackTech® rolling boxes detach rapidly using easy-release latches to fit under tonneau covers.

12 HIGH-IMPACT TESTED

Our advanced structural engineering and high-performance polymers protect against deformation, drops, and shocks.

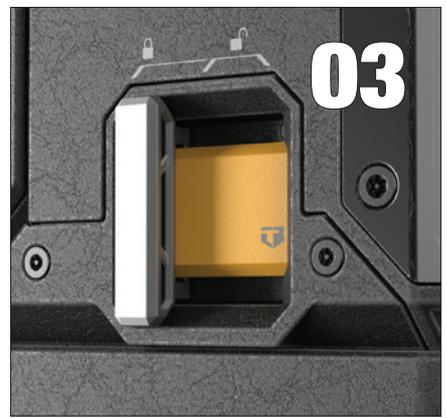

13 DUAL LOCKING POINTS

Two reinforced locking points increase security and accommodate most sizes and types of locks.

14 SIMPLIFIED TRANSPORTATION

ToughBuilt's category-leading mobility solutions provide a wide range of options to fit your needs and budget.
